

Shantanu Sharma

AI Systems & Backend Engineer | Tech Lead | Python · Go · LLMs · RAG

Gurugram, India · [linkedin.com/in/mathoholic](https://www.linkedin.com/in/mathoholic) · mathoholic.com · github.com/Mathoholic

Skills

Languages: Python, Go, SQL | **Backend:** FastAPI, Gin, WebSockets, REST, JWT, microservices

AI / LLM: RAG, LangChain, OpenAI API, vector databases | **Messaging:** RabbitMQ, Celery

Infra: Docker, AWS, Prometheus, Grafana, CI/CD | **Databases:** PostgreSQL, MongoDB, Redis

Experience

Data Scientist & Tech Lead – [CentoCode](#) (Oct 2024 – Present · Gurugram)

- **Tech Lead** on, a WhatsApp-first SaaS for marketing & automation — built on Go, Python, RabbitMQ, PostgreSQL, and Meta WhatsApp Cloud APIs.
- Designed secure, role-scoped API layer with feature gating, plan-based usage limits, and Razorpay billing lifecycle (subscriptions, credits, invoices).
- Integrated third-party platforms (IndiaMart, Meta Leads, Shopify, Amazon Seller) via async RabbitMQ pipelines for lead and order ingestion.
- Built **RAG pipelines** (FastAPI + vector DBs) — semantic chunking, embedding, retrieval, and contextual LLM responses.
- Designed Go (Gin) backend for an **AI interview platform**: LLM question generation, event-driven scoring via RabbitMQ, face detection and eye gaze analysis.
- Shipped API Gateway with dynamic routing, Consul service discovery, caching, and reverse proxy.
- Configured AWS infrastructure (EC2, S3, IAM, CloudWatch) and Prometheus + Grafana monitoring.

Data Scientist – [1ViewApps.com](#) (Mar 2024 – Oct 2024 · Gurugram)

- Architected ETL microservices with RabbitMQ + Celery for async, high-throughput data extraction across multiple third-party APIs.
- Owned product feature delivery end-to-end across cross-functional teams.

Associate Data Scientist – [KDataScience Solutions](#) (Jun 2023 – Oct 2024 · Remote)

- Built Python + MSSQL data pipelines powering Power BI dashboards; validated multi-source data with Pydantic + SQLAlchemy.
- Mentored junior trainees in data warehousing and analytics workflows.

Education & Certifications

B.A. Mathematics (Hons) – Dr. B.R. Ambedkar University Delhi (2015–2020)

Certifications: [Python](#) · [SQL](#) · [Power BI](#) · [Tableau](#) · [dbt](#)
